Time to Fly With Us.

From Classroom to Cockpit,
Training Tomorrow's Aviators Today!

The Founder's Vision

First and foremost, I would like to express my deep sentiments of gratitude to everyone for your constant support, love, and concern for our institute. Which enables and encourages us to strive hard to carry forward the mission of spreading value-based professional knowledge to one and all for the betterment of our youth, where "PaaKHi's legacy will be remembered fondly".

There is mindfulness inside you; all it takes is a little exploring. We always say that students' keys to success lie in the hands of the teacher; however, I believe that nobody can teach anyone anything until one wants to grow, explore themselves, and become aware of their potential.

At PaaKHi Institute of Aviation Management, we not only wish to nurture the holistic development needs of the youth, but we also wish to create memories that every one shall cherish throughout life. Under every faculty of conscience, love, care, and respect, and an individual turns into a confident personality. Because our youth is the backbone of our country.

We take pride in PaaKHi, where maximum exposure to various skill sets, like problem solving, leadership, adaptability, time management, holistic development, and many more, is promised to be delivered.

Since the aviation and hospitality industries are booming in today's world, "Why don't you be the I' of this profession? We at PaaKHi help you turn your passion into an esteemed profession that you desire.
